## Overview

The new GreatCall Lively Wearable brings together the health benefits of an activity tracker with the safety advantages of GreatCall's exclusive 5Star service for a new level of empowerment. The Lively Wearable can be worn with either the wristband or lanyard and pairs with a smartphone via Bluetooth. Through the companion Lively app, older adults are encouraged to complete daily challenges and earn rewards. Family caregivers interact through the Link app, applauding positive events and sending messages of encouragement, while also getting peace of mind that their loved one is safe.

## Key Features

- Device tracks steps every day
- Lively App features daily challenges to meet goals
- One-touch help button connects to GreatCall's 5Star agents that confirm location and can send help
- Family caregiver alerted if user contacts 5Star Service.
- Attractive, easy-to-wear wristband
- When worn with the lanyard around the neck, the device's accelerometer provides automatic fall detection
- Caregivers can send messages inspiring users to stay healthy via Link app
- 24/7 U.S.-based customer services
- Completely mobile
- Waterproof
