Using MyWorld on your Jitterbug
You can access MyWorld information on your Jitterbug by following these five simple steps. Please note that when you added MyWorld to your account, you were automatically given access to the weather information for your zip code.

1. Starting from the main screen, press the button until “MyWorld” appears highlighted in gray in the middle of the screen and press the button to select, as shown in Figure 1a on the following page.

2. Using the button, scroll to select the topic you want to view. For example, if you’d like to see the weather, scroll until “Weather” appears highlighted in gray in the middle of the screen and press the button to select, as shown in Figure 1b on the following page.

3. The next screen will display options for the selected topic. For example, after selecting “Weather,” you will be shown your preferred cities. To access the information you’re interested in, scroll until your selection is highlighted in gray and press the button, as shown in Figure 1c on the following page.

4. Once you’ve made your selection, use the button to view more information, for instance, the next day in your weather forecast, as shown in Figure 1d on the following page.

5. You can return to the previous screen at any time by pressing the button, as shown in Figure 1e on the following page.

Managing your preferences on mygreatcall.com
To access and manage the MyWorld service on mygreatcall.com, follow these simple steps:

1. Log in to your mygreatcall.com account.

2. Click on the “My Apps” tab or link to see a complete list of your applications and services.

3. Click on the “MyWorld” icon to be taken to your MyWorld home screen, as shown in Figure 2 on the following page.

4. Click on any of the topic links on the left side of the screen, and the latest information for that topic will appear on the right side of the screen.

NOTE If you have not already set up a MyGreatCall account, please go to mygreatcall.com and follow a few easy steps to get started.
Weather information for your zip code is automatically included with the MyWorld service. If you click on a topic that has not been activated, a message will appear on the right side of the screen, as shown in Figure 3 below. Click on the link in the message to activate the topic.

5. To see more information for the selected topic - for example, the weather for another city you’ve added to your MyWeather preferences - click on the link in the lower right of the screen, as shown in Figure 4 on the following page.

NOTE

Editing your preferences
For any topic that has been activated, you can edit the content you would like to see by following these three steps:

1. Click on the topic you would like to edit from the list on the left side of the screen.

2. When the content for this topic appears on the right side of the screen, you will see an “edit” button in the upper right corner. Click on this button to edit your content.

3. A pop-up screen will appear that shows your editing options, as shown in Figure 5 on the following page. For each topic there are two easy steps to help you personalize your content:

Step 1: Add your preferences

a. MyWeather: Search by city name or zip code. You can track up to two cities / zip codes.

b. MyStocks: Search by company name or ticker symbol. You can track up to six different symbols.

c. MySports: Choose your sport and team. You can track up to six different teams.

d. MyHoroscope: Choose your preferred astrological symbol. You will receive all
Managing your preferences with the help of a friendly GreatCall operator
