

**GET \$25 BACK**  
For you and a friend.

 greatcall.®

# Refer a friend and you'll both receive a \$25 credit

Do you know someone who would love a GreatCall cell phone or medical alert device? For every person that activates a GreatCall phone or device based on your referral, you earn a one-time \$25 credit on your monthly bill, and your referral will receive a \$25 credit on their new account, too!

## How it Works:

1. Have your friends or family call **1-800-670-7240** to activate their new phone or device
2. Ask them to mention your name and your GreatCall account number or phone number
3. Look for the \$25 credit on your statement

Your referral must activate and maintain a new account with GreatCall for 60 days and be current in payment for you to receive the \$25 credit. Your account must also be current in payments to receive the credit. The credit cannot be refunded and has no cash value. You may refer up to 10 friends per year.
